MANUFACTURERS OF THE WORLDS LARGEST RANGE OF DISC BRAKES FOR ANY VEHICLE

Job Description - Production Operative (Car Disc Unit)

SUMMARY

As part of disc production team you will be working closely with colleagues in various stages of production to manufacture automotive brake disc components to high standards of quality and efficiency.

PRIMARY RESPONSIBILITIES

- Operate various equipment and machinery (may include washer, lathe and roll marker) to produce parts in accordance with the relevant drawings and specifications;
- Count and inspect items, as per the details shown on the works order;
- Perform physical stock movements (does involve some heavy lifting);
- Preparing items for collection/delivery;
- Complete paperwork showing daily production;
- Any other duties as issued by the Disc Production Manager and the team leader.

KNOWLEDGE AND SKILLS

- Previous production, manufacturing or engineering experience preferred but not essential;
- Highly motivated, must have a strong desire to deliver against targets and to a high standard;
- Must be hard working, able to work as part of a team but also independently;
- Flexible working attitude, overtime may be required during busy periods;
- Ability to work independently in line with standard operating procedures and follow instructions;
- Ability to read, write, communicate and comprehend written and verbal instructions in English;
- Experience in manual handling.

WORKING CONDITIONS

- Immediate start available
- Working hours: Monday-Thursday 07:15-16:30 (30 minutes unpaid lunch break each day) and Friday 07:30-13:00. Total 40.5 hours per week.

Note: The statements above are intended to describe the general nature and level of work being performed by people assigned to the job. They are not construed to be an exhaustive list of responsibilities, duties and skills required of personnel in the job. Furthermore, they do not establish a contract for employment and are subject to change at the discretion of the employer.
