Job Description – Power Press Setter

SUMMARY

We are looking for a Power Press Setter to work within our steel and aluminium press works facility serving the Motorcycle and Automotive industry in the Pineham/Swan Valley Northampton area. This involves the use of power presses for mass production blanking out of steel and alloy components and their processing to final product involving a variety of presses including form and blank pressing, second operation press works, de-burring and inspection.

PRIMARY RESPONSIBILITIES

- You will be learning to set up and operate coil feed mechanical presses. These can range from 30 tons up to 250 tons.
- Set tooling and coil feeders – completing as per engineering drawings.
- Change over coils and feed in to tools.
- Inspection of the product from appropriate drawings.
- Work according to the production plan.

KNOWLEDGE AND SKILLS

- Experience in mechanical or engineering practices in a similar environment is highly preferred.
- Must possess your own Power Press Certificate (RoSPA).
- Must be able to work under own initiative, be organised and be easy to train.
- Good listening and communication skills are essential.
- Counterbalance Forklift Licence desirable but not essential as in-house training can be provided.

WORKING CONDITIONS

- This is a full-time position from Monday to Friday, with an early finish on Friday. NO SHIFT WORK.
- Working hours: Monday-Thursday 07.15-16:30 (30 minutes unpaid lunch break each day) and Friday 07:30-13.00. Total 40.5 hours per week.
- Full PPE (including safety footwear and ear defenders) will be provided.

BENEFITS

- Free on-site secure parking.
- Staff discount on products.
- Long Service Holiday Award Scheme.
- Overtime available.
- Close to M1 Junction 15A for good transport links.

Immediate start available.
