MANUFACTURERS OF THE WORLDS LARGEST RANGE OF DISC BRAKES FOR ANY VEHICLE

Job Description – Brake Technician (Automotive) PART TIME

SUMMARY

The Brake Technician will work in the Centre of Excellence car garage based at EBC's Northampton World Headquarters. They will be responsible for the installation of Road and Racing brake system components (pads, discs and brake lines) and also be involved in the development of EBC Brakes Racing's Big Brake Kits and assist the Engineering team when required.

PRIMARY RESPONSIBILITIES

- Installation of brake pads, brake discs, brake lines and oversize brake caliper kits onto customer cars;
- Identifying faults with the braking system on development and customer cars and then rectifying these faults;
- Trial fitment of new products (2-piece discs, big brake kits, brake lines etc.) that need fitting to a vehicle and signing off before going into production;
- Maintaining EBC's fleet of development vehicles including carrying out routine maintenance, prepping cars for on-track testing and stripping down vehicles post-test;
- Ensure that Health & Safety best practices are followed and that any colleagues/customers entering the CoE garage are made aware of the hazards and are kept safe;
- Perform other duties as assigned by the Manager or as the situation dictates, which may include the assembly of brake calipers and the operation of CNC machinery.

QUALIFICATIONS

- Essential: City & Guilds Level 3 Qualification in Light Vehicle Maintenance (or higher, or equivalent)

KNOWLEDGE AND SKILLS

- Essential: Previous experience in a similar role essential to include a moderate knowledge of modern automotive braking systems and the underlying principles of performance brake system design. Have a desire to learn more advanced techniques through on-the-job training;
- Excellent communication and interpersonal skills with a professional and friendly approach when engaging with customers face-to-face;
- Good computer literacy, including experience of using Microsoft Outlook, Word and Excel;
- Strong organisation skills and ability to work to deadlines, ensuring development work on customer cars is completed within agreed timeframe and ensuring customer cars are ready for collection on time;
- Able to work independently and under own initiative, prioritising tasks to completion;
- Flexible in approach with the ability to adapt to changing tasks at short notice;
- Willing to learn and work as an integral part of an ambitious and fast moving team;
- Position holder needs to be flexible with working hours, including occasional Saturday working, if required.

WORKING CONDITIONS

- Salary – £8,000-£13,300 per annum (based on 18 hours per week) dependent on experience. Please provide an indication of your salary expectations for consideration by the recruiting manager at the time of application.
- Hours of work: 18 hours per week. Working times can be flexible within the normal working hours of Monday-Thursday 08:00-18:00 and Friday 08:00-14:00. This will be discussed at interview.
- Start date: ASAP
- Uniform and PPE will be provided.

Note: The statements above are intended to describe the general nature and level of work being performed by people assigned to the job. They are not construed to be an exhaustive list of responsibilities, duties and skills required of personnel in the job. Furthermore, they do not establish a contract for employment and are subject to change at the discretion of the employer.
